EQUIPMENT

HYDRONICS

VENTILATION & AIR QUALITY

CONTROLS & ACCESSORIES

EQUIPMENT

	Packaged Rooftop Units • VRF • Mini-Splits Small and Large Commercial Splits
	Packaged Rooftop Units Small and Large Commercial Splits
	Customizable Packaged Rooftop Units 3-50 Tons
	Packaged Rooftop Units 2-25 Tons
	Indoor and Outdoor Direct and Indirect Fired Make-up Air Systems • Unit Heaters • Tube Heaters
	DOAS Rooftop Units 400 – 15,000 CFM
	Both ducted and duct-free options available in single and multi-zone configurations.
	Package Terminal Air Conditioner (PTAC) Systems
	Wall Heaters • Ceiling Heaters Baseboard Heaters
	Package Terminal Air Conditioner (PTAC) Systems

VENTILATION & AIR QUALITY

	Commercial Dehumidifiers and Humidifiers
	Energy Recover Ventilation (ERVs)
	Dehumidifiers
	Slot Diffusers • Linear Diffusers Drum Louvers • Grills and Registers
	Residential fans to large, high-capacity exhaust systems for commercial applications Centrifugal & Propeller Fans • Exhaust & Intake Gravity Ventilators • Louvers & Dampers
	Diffusers and Return Grilles

HYDRONICS

	Boilers and Water Heaters
	Control valves, balancing devices and flow switches to zone relays and heat meters
	Commercial circulating pumps, valves and expansion tanks
	Residential and light commercial circulating pumps.
	Commercial Evaporative Coolers
	Boiler accessories, radiant manifolds, tubing and underslab insulation, Radiant/snow melt design
	Speciality hydronic radiators
	Steam and Cast-Iron Boilers
	Electric Boilers
	Commercial Steam Boilers

CONTROLS & ACCESSORIES

	Economizer and Hydronic Controls
	Complex snow melting and hydronic systems controls
