

EQUIPMENT

 Packaged Rooftop Units Small and Large Commercial Splits	 Customizable Packaged Rooftop Units 3-50 Tons	 Packaged Rooftop Units 2-25 Tons VRF	 Geothermal Water Source Heat Pumps
 DOAS Rooftop Units 400 – 15,000 CFM	 Package Terminal Air Conditioner (PTAC) Systems	 Both ducted and duct-free options available in single and multi-zone configurations	 VRF • Chillers
 Indoor and Outdoor Direct and Indirect Fired Make-up Air Systems Unit Heaters • Tube Heaters	 Wall Heaters • Ceiling Heaters Baseboard Heaters	 Electric Heaters	

HYDRONICS

 Boilers and Water Heaters	 Control valves, balancing devices and flow switches to zone relays and heat meters	 Electric Boilers
 Residential and light commercial circulating pumps	 Boiler accessories, radiant manifolds, tubing and underslab insulation, Radiant/snow melt design	 Commercial Steam Boilers
 Speciality hydronic radiators	 Commercial circulating pumps, valves and expansion tanks	 Steam and Cast-Iron Boilers
